

## INDUSTRIAL DIVISION

### FULL PRODUCT LISTING

Pure Polymer Solutions utilizes and develops a wide variety of products for the oil and gas market-place, as well, as having a full line of environmentally-friendly chemistries that provide industry leading performance for the separation of oil and water for your unique applications. These unique chemistries reduce overall application cost, improve efficiencies and are less toxic to the environment.

#### Drilling Applications

- Biocides
- Clay Stabilizers
- Corrosion Inhibitors
- Corrosion/Scale Inhibitor Blends
- Defoamers
- Dispersants
- Emulsifiers, Primary, Secondary
- H<sub>2</sub>S Scavengers
- Iron Control Agents
- KCL Substitutes
- Oxygen Scavengers
- Rheology Modifiers
- Scale Inhibitors
- Surfactants
- Wetting Agents

#### Production Applications

- Biocides
- Corrosion Inhibitors
- Corrosion/Scale Inhibitor Blends
- Defoamers
- Foaming Agents
- H<sub>2</sub>S Scavengers
- Hydrate Inhibitors
- Iron Control Agents
- Oxygen Scavengers
- Paraffin Dispersants
- Scale Inhibitors and Removers
- Pipe Line Cleaners
- Demulsifiers
- Reverse Emulsion Breakers
- Emulsion Breakers

#### Stimulation Applications

Biocides	Clay Stabilizers	Scale Inhibitors
Corrosion Inhibitors	Corrosion/Scale Inhibitor Blends	Defoamers
Dispersants	Encapsulated Time Released Breakers	Friction Reducers
Guar Gel Slurry	H <sub>2</sub> S Scavengers	Instant APS Breaker
KCL Substitutes	High Stress Slurry Stabilizer	Iron Control Agents
Low pH Buffers	Non-Emulsifiers	Oxygen Scavengers

#### Shipping and Handling

Products are readily available in bags, pails, drums, totes, and bulk. As with any individual chemical, avoid prolonged contact with skin. In case of skin or eye contact, flush exposed area with large amounts of water. A SDS outlining proper handling of this product is available upon request.

#### Product Inquiries

Consult with your Pure Polymer Solutions representative for additional information and to develop a regime for optimum results.
